Concerns: Coronavirus

K;/P&O.alg.js

Dear sir, madame,

The Response Team (RT) has been set up within Kempen Transport in the Netherlands, which coordinates and communicates all topics centrally regarding the Corona Covid-19 virus for all customers, suppliers, employees and other stakeholders. In all its decisions, the RT follows and acts according to the regulations of the National Institute for Public Health and the Environment (RIVM).

So far, the RT has prescribed preventative rules for employees with regard to personal hygiene, travel, checking visitors to our locations, instructions for visiting drivers and health declarations of employees visiting customers and/or suppliers. In addition, all employees are extensively informed how to handle any health complaints that may be related to the Corona Covid-19 virus. All measures are communicated to all employees in high frequency per newsletter. The RT communicates externally via our website and social media affiliated with Kempen Transport.

In addition, all our customers are informed in a letter what the current status is and how we, as Kempen Transport, deal with this. For any kind of question you can contact your regular contact person at Kempen Transport.

Kind regards,
Kempen Transport B.V.

Nancy, M.W. Kempen
Director
